"It is written about man, "It is not good that the man is alone; I will make him a help made against him." This is the soul, which is a help within him to guide him through the ways of his Maker. That is, he who comes to be purified is aided. When a person walks in the ways of his Maker, many help him: his soul helps him, the ministering angels help him, the Creator's Divinity helps him...

...and all declare about him and say, “When you walk, your step will not be straightened; and if you run, you will not stumble.” The souls of righteous help him.”
